

**Lake Michigan Coastal Program  
Document # 6**

**Indiana Aquatic Nuisance Species (ANS) Management Work  
Group**

The Indiana DNR and project facilitators D.J. Case & Associates will be having our next major public meeting for purposes of reviewing the draft plan on Tuesday, July 29, 10 a.m. to 4 p.m., at the Garrison Conference Center near Fort Harrison State Park on the northeast side of Indianapolis. The meeting is open to any interested groups or individuals.

A new website for all invasive species issues in Indiana has been created, <[www.invasivespecies.in.gov](http://www.invasivespecies.in.gov)>. Watch the website within the next two weeks for posting of the draft ANS plan and other materials related to terrestrial and aquatic exotics.
